1.4.2 Structured Feedback received from the Teachers (Academic Year 2022-23)

a) The Course objectives & outcomes were clearly defined identified
6 responses

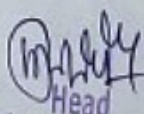

The analysis reveals a highly positive evaluation for the course objectives and outcomes, with 16.7% rated as excellent and an overwhelming 83.3% as outstanding out of a total of 6. This highlights an exceptional clarity and precision in defining objectives and desired learning outcomes. The predominantly outstanding rating underscores the course's effectiveness in providing a well-defined and identified educational framework for participants.

b) Course Material were of appropriate length
6 responses

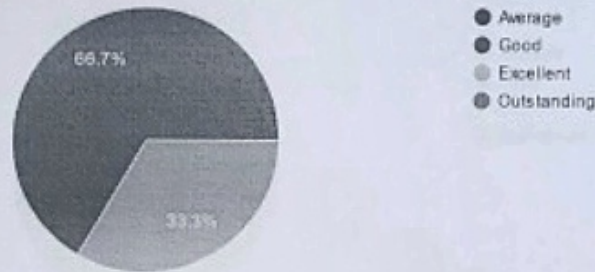

The course material has received an outstanding rating, with 100% excellence out of a total of 6. This indicates an exceptional balance in the length of the materials, catering to an optimal learning experience for participants. The unanimous excellent rating underscores the high quality and appropriateness of the course material length.

1.4.2 Structured Feedback received from the Teachers (Academic Year 2020-21)

a) The Course objectives & outcomes were clearly defined identified
5 responses

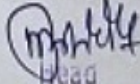

The analysis of course objectives and outcomes reveal a positive assessment, with 60% rated as excellent, 20% as outstanding, and 20% as good out of a total of 5. This signifies a strong emphasis on clarity and precision in defining learning goals. While the majority falls within the excellent category, ongoing efforts aim to refine the remaining aspects to enhance overall effectiveness and alignment with outstanding standards.

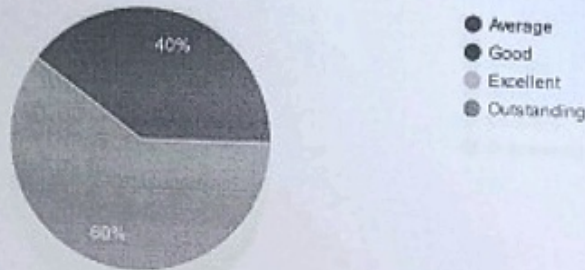

b) Course Material were of appropriate length
5 responses

The analysis of course material length indicates a favorable outcome, with 60% rated as excellent, 20% as outstanding, and 20% as good out of a total of 5. This suggests a well-balanced approach in providing content of appropriate length for an effective learning experience. The excellent majority underscores the course's commitment to maintaining optimal material length, while ongoing efforts focus on refining and aligning any areas rated as good to further enhance overall quality.

1.4.2 Structured Feedback received from the Teachers (Academic Year 2021-22)

a) The Course objectives & outcomes were clearly defined identified

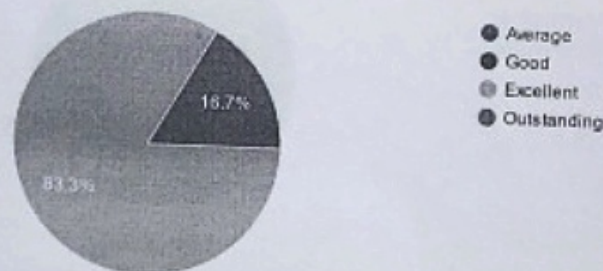

6 responses

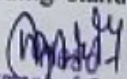

The analysis of the course objectives and outcomes indicates a strong performance, with 66.7% rated as excellent and the remaining 33.3% as outstanding. This demonstrates a well-defined and identified set of goals, ensuring a comprehensive and effective learning experience for students. The balanced distribution between excellent and outstanding highlights a high standard of clarity and achievement in both course objectives and outcomes.

b) Course Material were of appropriate length *

6 responses

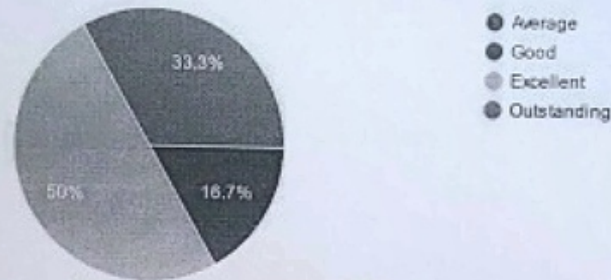

The analysis of the course material's length reveals a strong performance, with 83.3% rated as excellent and 16.7% as outstanding out of a total of 6. This indicates that the majority of the content is appropriately balanced in length, catering to an optimal learning experience. To further enhance excellence, ongoing efforts involve fine-tuning content to ensure it remains concise and engaging, aligning with the outstanding standards set for the course material length.

Dr. Babasaheb Ambedkar Marathwada University
Aurangabad

c) Course material were relevant *

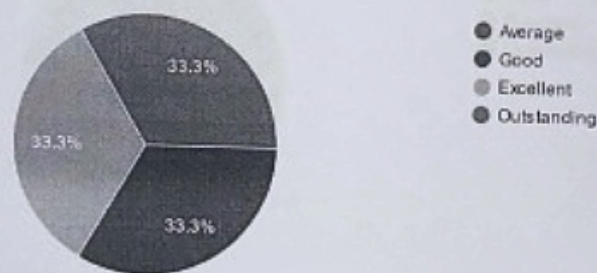

6 responses

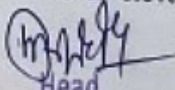

The analysis of the course material's relevance indicates a mixed performance, with 50% rated as excellent, 33.3% as outstanding, and 16.7% as good out of a total of 6. While a substantial portion is deemed excellent and outstanding, there is room for improvement in enhancing the relevance of some content. Ongoing actions involve refining and updating materials to ensure a more consistently high level of relevance across the entire course.

d) Course material were of high quality and Up-to-date

6 responses

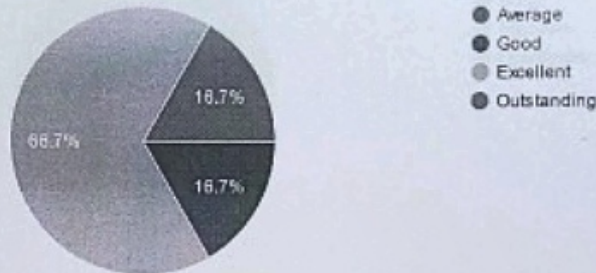

The analysis of the course material's quality and currency reveals a balanced performance, with 33.3% rated as excellent, 33.3% as outstanding, and 33.3% as good out of a total of 6. While a significant portion is deemed excellent and outstanding, efforts are underway to improve the overall quality and ensure timely updates to meet the highest standards. Ongoing actions involve continuous review and refinement processes to elevate the entirety of the course material.

e) Material were well organized. Assignment of reading material for each class was of appropriate length

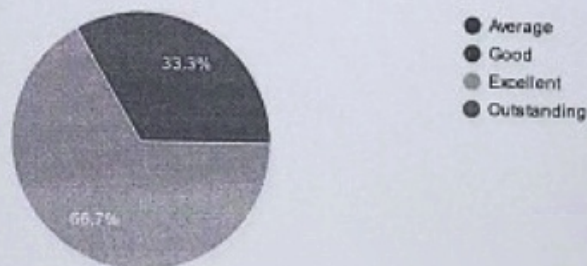

6 responses

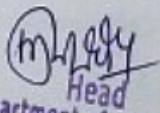

The analysis of material organization and assignment length indicates a strong performance, with 66.7% rated as excellent, 16.7% as outstanding, and 16.7% as good out of a total of 6. The majority of the material is well-organized, providing a structured learning experience. Ongoing actions include refining organizational aspects and ensuring optimal assignment lengths for each class to maintain the excellent and outstanding standards.

f) The course provides useful inputs *

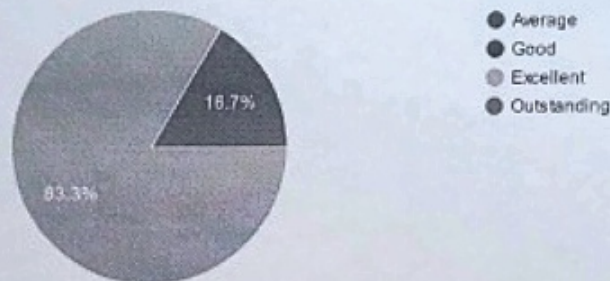

6 responses

The analysis of the course indicates a highly positive outcome, with 66.7% rated as excellent and 33.3% as outstanding out of a total of 6. This signifies that the course consistently delivers valuable and practical insights, meeting or exceeding expectations. The combination of excellent and outstanding ratings underscores the course's effectiveness in providing meaningful and useful inputs for the participants.
