**Action Taken Report  
On  
Student Feedback for the Academic Year 2022-2023**

After thorough analysis of the student feedback received regarding the Department of Commerce curriculum, several key actions have been taken to address the concerns and enhance the overall learning experience.

▪ **Key Findings:**

1. **Curriculum Rigidity:** A significant number of students expressed concerns about the inflexibility of the curriculum.
  - Action Taken: The department has initiated a comprehensive review of the curriculum structure to incorporate more flexibility, allowing students to tailor their academic path based on their interests.
2. **Outdated Content:**
  - Action Taken: Faculty members have been engaged in updating course content to ensure its relevance to current industry standards and emerging trends.
3. **Limited Practical Exposure:**
  - Action Taken: To address the need for practical experience, the department is collaborating with industry partners to provide students with internship opportunities and real-world projects.

#### **4. Communication Gap:**

- Action Taken: A communication channel has been established for regular feedback sessions, ensuring students have a platform to express their concerns and suggestions directly to the faculty.

#### **Implementation Timeline:**

The actions outlined above will be implemented in a phased manner over the next academic year. Updates and progress reports will be shared with students regularly.

#### **Monitoring and Evaluation:**

A monitoring committee comprising faculty members, students, and administration will be formed to assess the effectiveness of the implemented changes. Regular reviews and adjustments will be made based on ongoing feedback.

#### **Conclusion:**

The Department of Commerce is committed to providing a dynamic and responsive curriculum. The actions taken aim to address the identified issues and create a learning environment that aligns with the evolving needs of students and the industry.

## 20) Give three observation / suggestions to improve the overall teaching – learning experience in your institution

39 responses

No

Good

1. Emphasize Practical Learning:

Increase focus on practical applications of concepts to provide students with hands-on experience. This could involve integrating more practical sessions, experiments, and real-world projects into the curriculum.

2. Industry-Relevant Training: Offer regular sessions or workshops where students can learn about the tasks and projects commonly encountered in industries or MNCs. This could involve inviting industry professionals to share their experiences and provide insights into the skills and knowledge needed in the in the workshop.

3. Implement structured Assessments: Introduce

compulsory elements such as dress codes, uniform , class tests, and practice tests to foster discipline, regular assessment, and a sense of responsibility among students. This can help in better monitoring of student progress and understanding of the subject matter.

Excellent

Teacher must be given not only practical knowledge to us with the help of syllabus but also extra curriculum activities.

add subjects accounting

We didn't get our marksheet and degree yet

I dont think that any observation Or suggestion is requird

We will take the exam for the fourth term and we are still suffering from the problem of delaying the grade note because we have not received the grade note for the first semester to this day. Please fix this problem

All good

1) use of ICT effectively 2) the time of lectures was full day so we can't complete other extra activities

I classrooms are not clean. And give us to best batch ti sit

My suggestion is very adorable for this MCQ this question is very intresting

All staff of the commerce department is very nice always helps us in any situation.And overall teaching is very good, interesting examples and experience. I am fully satisfied about our department of commerce.

Iam appearing for MBA 4th semester exams and I still dent receive my 1st Semester marks memo..

So please grant the marks memos

1. More focus should be given to practical assignments and review and feedback should be given to each student.
2. Students must participate more by giving presentations, assignments, and other activities to encourage and build confidence, communication skills, and other skills.
3. More ICT tools should be used.

Lastly the department must hasten in providing marks sheets and results for the students. This is my last semester and I haven't received 1st semester marks sheet. Thank you....

All in all perfect

- 1- There must be a workshop
- 2- There should be experiences that graduates share with new students
- 3- There should be discussion between students and doctors on various topics

1)Placement and traning institute visit the department 2) give students e\_ library system

The student concerned must be heard and get it resolved.

Good Teacher's, Good Department and The atmosphere is very Good.

All subject not teaching regularly and HOD is not taken a signature at on that time she make a late of all time. And department is not clean also toilet is wrost. Not teaching a at that proper time only one professor syed azafuddin sir is teaching a very very perfect

(1)Take the lectures fix timing (2) All subject lectures take regularly (3) Simple language use to understand the lecture.

My experience was very well

All subject not teaching regularly and HOD not taken a signature at on that time. she make a late take make a all time and department is not clean.not teaching at proper time. only one professor, sayyed sir is teaching a very perfect.
