#### 1.4.2 Structured Feedback received from the students (Academic Year 2022-23)

### 1) The Course & Programme objectives & outcomes were clearly defined & identified?

1. We can see that the majority of responses fall into the "Outstanding" category, 34% out of 35 (100%) responses. This indicates that a significant portion of the feedback rated the clarity and identification of course and program objectives and outcomes as outstanding. The "Good" and "Excellent" categories are tied, each representing 31.5% of responses, indicating that a similar number of respondents found the clarity and identification to be either good or excellent. The "Average" category had the fewest responses, with only 3% of respondents indicating that the objectives and outcomes were clearly defined and identified to an average extent.

### 2) Course Material were appropriate in length, high quality and up-to-date?

*M. S. K.*  
Head  
Department of Geography,  
J. J. Sc. College, Marathwada University,  
Aurangabad.

From the percentages, we can see that the majority of responses fall into the "Good" and "Excellent" categories, with a smaller portion in the "Outstanding" category and the fewest in

the "Average" category. Overall, it appears that most respondents found the course material to be of good to excellent quality in terms of length, quality, and up-to-date content.

### 3) The programme provides focus on skill Development/ Employability / Entrepreneurship?

3. A significant portion, 37%, rated the program as "Outstanding," indicating that they believe it provides a strong focus on skill development, employability, and entrepreneurship. Another 37% also rated it as "Good," suggesting that they view the program positively, although not as exceptionally as those who rated it as "Outstanding." 20% rated it as "Excellent," indicating a high level of satisfaction with the program's focus on these areas. Only 6% rated it as "Average," suggesting that a small minority found the program's focus to be lacking or subpar.

### 4) The teacher used ICT tools for teaching (PPT, Videos, online lectures etc.)?

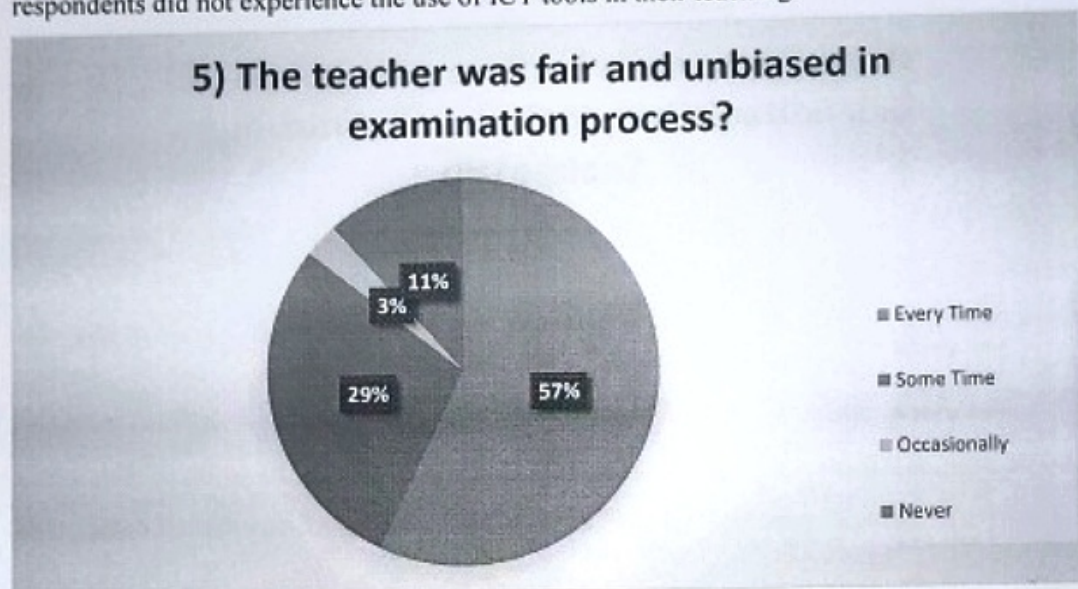

4. A significant majority, 63%, indicated that the teacher used ICT tools "Every Time" for teaching, suggesting a high level of integration of technology in the teaching process. 31%

*[Handwritten Signature]*  
Head  
Department of Geography,  
Sarasabhai Ambedkar Marathwada University  
Aurangabad

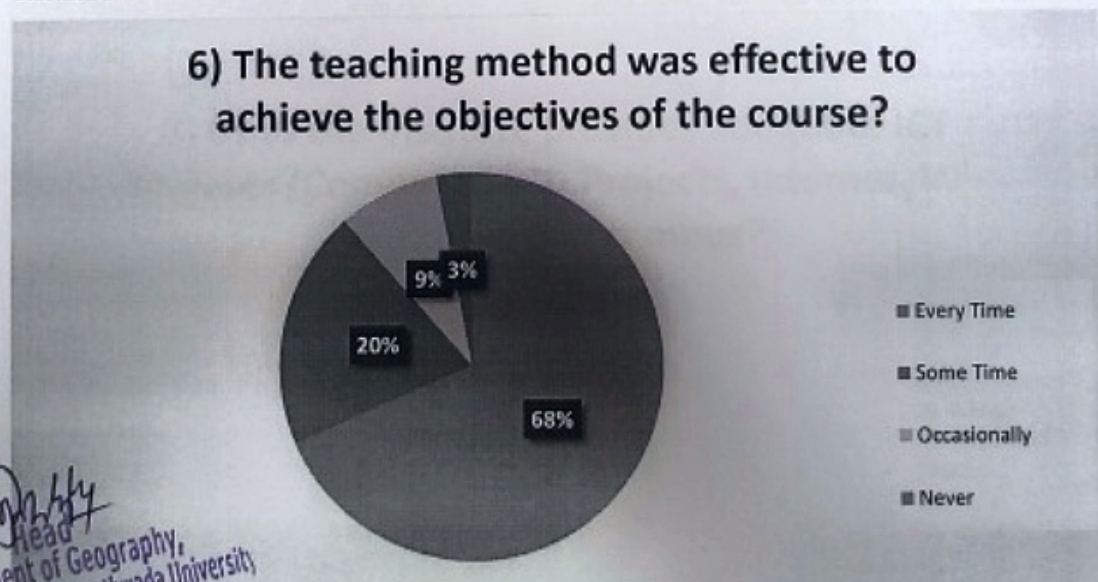

indicated that ICT tools were used "Some Time," indicating that while the teacher used these tools, it was not as consistently as the first group. 3% indicated that ICT tools were used "Occasionally," suggesting that there were few instances where these tools were employed. Another 3% indicated that ICT tools were "Never" used, indicating that a small minority of respondents did not experience the use of ICT tools in their teaching.

### 5) The teacher was fair and unbiased in examination process?

5. In the pie chart, we can see that the majority of respondents, 57%, believe that the teacher was fair and unbiased in the examination process every time. 29% of respondents feel that this was the case some time, 3% occasionally, and 11% never felt the teacher was fair and unbiased.

### 6) The teaching method was effective to achieve the objectives of the course?

A significant majority, 68%, felt that the teaching method was effective "Every Time" in achieving the objectives of the course, indicating a high level of satisfaction with the teaching approach. 20% indicated that the teaching method was effective "Some Time," suggesting

*Handwritten signature*  
 Department of Geography,  
 Babasaheb Ambedkar Marathwada University,  
 Aurangabad

that while it was generally effective, there were instances where it may have fallen short. 9% felt that the teaching method was effective "Occasionally," indicating that there were relatively few instances where it was successful in achieving the course objectives. Only 3% indicated that the teaching method was never effective, suggesting that a very small minority found the teaching method to be consistently ineffective in achieving the course objectives.

### 7) The teaching method allowed adequate opportunity for student participation and discussion?

7. This pie chart shows that the vast majority of respondents, 66%, believe that the teaching method allowed adequate opportunity for student participation and discussion every time. 31% of respondents feel that this was the case some time, and only 3% feel it was occasional. None of the respondents felt that the teaching method never allowed adequate opportunity for participation and discussion.

### 8) Does the Institute provides adequate ICT facilities (Computer, LCD Projects, Internet, Wi-Fi etc.) within campus?

*M. S. K.*  
 Head  
 Department of Geography,  
 Babasaheb Ambedkar Marathwada University  
 Aurangabad

8. This pie chart shows that the majority of respondents, 57%, believe that the Institute provides excellent ICT facilities within the campus, 20% of respondents rated the facilities as good, 17% as very good, and only 6% as average.

### 9) How would you rate the Library, Infrastructure and Laboratory facilities of the University?

9. The pie chart shows that the majority of respondents, 51%, rated the facilities as excellent. 29% rated them as very good, 11% as good, and 8% as average. This indicates that a significant portion of respondents have a positive perception of the university's facilities, with a majority considering them excellent.

### 10) How would you rate the extra-curricular environment of the University?

10. The pie chart shows that the majority of respondents, 57%, rated the extra-curricular environment as excellent. 20% rated it as very good, 17% as good, and 6% as average. This

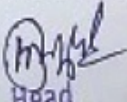

*Amal*  
Head  
Department of Geography,  
Babasaheb Ambedkar Marathwada University  
Aurangabad

indicates that a significant portion of respondents have a positive perception of the university's extra-curricular environment, with the majority considering it excellent.

### 11) How do you grade the overall academic environment in the University?

11. The pie chart shows that the majority of respondents, 52%, rated the overall academic environment as excellent. 31% rated it as very good, 14% as good, and 3% as average. This indicates that a significant portion of respondents have a positive perception of the university's overall academic environment, with the majority considering it excellent.
