Dear Rajesh,

Dear Madhuri,

As you probably already know, I'm creating the new EATSA Global Tourism Film Festival, as an autonomous branch of EATSA that will help in bridging the gap between academic and practical worlds of tourism, improving the creativity of tourism promotion, and making tourism more responsible and sustainable.

This festival will be even better than the ART&TUR Festival (that I'm successfully leading for 13 years), since it will be developed in partnership with many universities from Europe, Asia and America.

In this context I would like to present to your family a multifold invitation:

- 1) Professor Rajesh Ragde as member of Honor Committee. Moreover, the Department of Tourism of the DrBAMU as institutional partner of the festival,
- 2) Professor Madhuri Sawant, as the curator of Festival for the Religious Issues, and also the inclusion of the International Center for Buddhist Tourism in the list of partners.
- 3) Sanchi Ragde, as jury member of the festival. I have not her email address, but I will send a personal invitation by LinkedIn. (although I don't know her personally, I increasingly believe in youth when it comes to assessing the quality of films)

What does it mean from point of view of time and responsibilities?

Not a lot. Just to act as promoters of the project in India and help with help with advices if needed.

If you accept my invitations, please send me your photos and short bios.

My best regards

Francisco Dias
