

Workshop Report:

Activity, Training & Research Project in NEP 2020

➤ **Date:** October 25, 2023

➤ **Location:** Department of Commerce, Dr Babasaheb Ambedkar Marathwada University, Aurangabad, Maharashtra, India

➤ **Overview:**

The Department of Commerce at Dr BAM University organized a workshop on Activity, Training & Research Project in alignment with the National Education Policy (NEP) 2020. The event aimed to enhance various aspects of education and skill development.

➤ **Key Points Covered:**

1. **Creativity & NEP:** Emphasized the integration of creative thinking into the educational framework as per the guidelines of NEP 2020.
2. **Critical Thinking:** Explored strategies to foster critical thinking skills among students, encouraging them to analyze information and make informed decisions.
3. **Design System Thinking:** Discussed the importance of designing systems that promote holistic learning experiences and problem-solving approaches.
4. **Scientific & Vocational Education:** Highlighted the significance of integrating scientific and vocational elements into the curriculum for a well-rounded education.
5. **Digital Literacy:** Explored the role of digital literacy in the modern educational landscape, focusing on technological skills essential for the future.

6. **Synergy in Curriculum & Multilingualism:** Advocated for a cohesive curriculum and the incorporation of multilingualism to enhance inclusivity and diversity in education.
7. **Activity-Based Learning:** Demonstrated the effectiveness of activity-based learning methods to engage students and enhance comprehension.
8. **On-the-Job Training:** Explored the benefits of on-the-job training in preparing students for real-world challenges and bridging the gap between academia and industry.
9. **Field Project:** Discussed the importance of field projects in providing practical exposure and enhancing application-based learning.
10. **Research Project:** Highlighted the significance of research projects in fostering a spirit of inquiry and contributing to academic and practical advancements.

➤ **Attendance:**

Approximately 70 students participated in the workshop, contributing to a vibrant and interactive learning environment.

➤ **Conclusion:**

The workshop successfully addressed key components of the NEP 2020, fostering an environment that promotes creativity, critical thinking, and practical skills. The active participation of students indicates a positive response to the initiative, paving the way for further advancements in the Department of Commerce's educational approach.
