# A fractional order differential equation model for tuberculosis

Gajanan S. Solanke ; Deepak B. Pachpatte[+ Author & Article Information](#)*AIP Conf. Proc.* 2061, 020007 (2019)<https://doi.org/10.1063/1.5086629>

In this paper, we developed a mathematical model for tuberculosis. In this model, we obtained system of differential equations on fractional order. The results obtained in our model are verified with real data.
