Minutes of the Departmental Committee meeting held on July 16,2016

AGENDA: ABOUT THE FIELD RELEVANCE AND SKILL ENHANCEMENT OF STUDENTS THROUGH CBCS CURRICULUM .

As per the circular sent by university, New CBCS (research component added) curriculum is being implemented in the university departments from academic year 2016-17. Accordingly CBCS (research component added) pattern is accepted wherein total 20 credits are allotted to research components. Through this pattern employability of student s is expected to be increased. In this regards on the departmental level some measures are to be taken. This meeting is conveyed to discuss these issues.

RESOLUTION

Following decisions were taken

1. Students should be encouraged to take field visits and some industry/academic institutes/ local entrepreneurs unit to understand the applications of water and land management.
2. Experts from industry and field should be called to share their experiences
3. Soft skill development lectures/ programs / technical field visits to the National /International research institutes be arranged
4. Students be given trainings for skill enhancement and allowed to attend workshops.
5. Core courses, foundation courses and elective courses should be introduced.
