kan
for Student
Volunteers

was English and our medium was Urdu. So there was a gap between teaching and learning.

From 1990, the education is not affordable to the common people. So we are not ahead in higher education. That's why education system should be independent for the Marathwada our universities must be framed the syllabus which would be related to the problems of the common people.

Following are the major issues in higher education of the Marathwada

- 1) Duplicate attendance
- 2) Mass copy
- 3) Extra permissions for new colleges

This programme was anchored by Dr. Anand Wagh and vote of thanks was proposed by Dr. Sanjay Moon.

5) Dr. Anad Wagh

Hon'ble Vice-Chancellor Prof. B.A. Chopade nominated to Dr. Anand Wagh as NSS programe officer for coming three years from August 2017.

He was congratulated by Dr. Sanjay Moon, Head & Director.

- 6) Dr. Anand Wagh, Astd. Professor completed the short term course o 'Gender Sensitization' from 11/9/2017 to 16/9/2017. This course was organized by H.D.C. U.G.C. Dr. B.A. M.U. Aurangabad.

7) Orientation programme for the students volunteers

On 26/9/2017, department organized one day training programme for the college students volunteers. This programme was inaugurated by Dr. Nandkumar Rathi, In charge Finance and Accounts Officer. Director and Head of the department Dr. Sanjay Moon presided over the function.

Dr. Rathi delivered the lecture on 'Role of youths in the development. of Marathwada' He said that the role of the youths is

always important in each and every process of the development. Youths must be honest with their work and work should be completed in well manner with development. It called the real development. This helps to make the social and national development our new generation is fast in the computer. We must prefer to do the innovative work. Today there are 65% youths in our country. In the development of Marathwada there is lion's share of Dr. Rafique Zakeria and Late Shankarrao Chavan. Development is related to the agriculture and industry. Role of the railway is very important in the development. Government is creating the obstacles in the education. Shankarrao Chavan prepared the Zero budget and made the critical situation for the youths. We must try for realize our dreams. Without hard work we can't achieve our aim. Famous industrialist Shri Dhoot lived in the rural area but established a big industry. Bhadrinarayan Barwale also made a big revolution in the seed production. He started this work in his young age. We must go ahead in industry failures are the pillars of the success. Without failure one can't achieve the success Mohini Kelkar is the first woman industrialist in Marathwada He further said the famous proverb.

You give a fish for eat,

He would eat for one time

But if you teach him how

To catch the fish then

He would eat for a lifetime.

We have a too much open space. We must have the proud of our country and we must try to maintain the peace around us.

In the end he said we must always think that I can do it, we can do it and all Indians can do it.

Subsequent to this Shrimati Mangala Khivansara delivered the lecture on 'Role of youths in the development of Marathwada'. She said

that female oriented budget is essential for our development. In the decade of 1970, there was the problem of unemployment and inflation. Development is related to various factors. Teachers are responsible for the students attendance. In 1952 only 13 women were elected as a member of parliament. The role of women was effective in the movement of freedom in agitation of Nijam. The fulfillment of livelihood needs means the development. Jayakwadi project is the backbone of Marathwada. The Govt. Medical College in Ambajogai also provided the medical facilities to the people in Marathwada. Vasantrao Naik Agriculture University, Parbhani is also another feather in the cap of Marathwada. When we are with empty stomach then the world looks ugly. All the people in the society participated in the Marathwada development movement is the best way to active the development. Youth Karnti Dal and Dalit Panther these two unions were aggressive about the development of Marathwada. 35 years are essential for the social change. Political changes occurred within five years. Mentality and adaptability of the people in Marathwada is very good. We have to decide that we are not backward. Achievement of Marathwada development is the establishment of High court in Aurangabad.

Dr. Sanjay Moon delivered the presidential address. He said that education is related to the Human resource development centre. We must solve the problems of the people.

This programemme was anchored by Dr. Anand Wagh.

8) Dr. Anand Wagh

Dr. Anand Wagh participated in the divisional NSS workshop on 5/10/2017. The workshop was organized by N.S.S. Dr. B.A.M.U. Aurangabad.

9) Dr. Anand Wagh
