Department of  
**Lifelong Learning and Extension**

system. Students must achieve the modern techniques. There is a need to search the talent of the students by the teachers. Profession should not be connected to the caste. Every sector of the life is changing rapidly including education, politics, film industry etc. Education should be transferred into professional activities. To create the self confidence must be the motto of the teachers. social study of the students would be beneficial for the social development of the students. Director and Head of the department Prof. Dhabe delivered the presidential address. He said that rural extension is helpful for the rural development. This department organizes the programme as per the changing situation of the society. According to him skill development programme creating awareness among the people.

#### **6) Training programme for the college students volunteers**

Department organized one day training programme for the students volunteers who were engaged in extension activities at college level on 26/9/2014. This programme was inaugurated by Prof. Dr. Smita Avchar, Head, department of Sociology. Director and head of the department Dr. Kishan Dhabe presided over the function.

Dr. Smita Avchar delivered an inaugural speech. She said that extension education is the backbone of the education system. So it should have to eradicate the faults of the formal education system. Extension started from the agriculture. So agriculture is the base of the extension. Today's agriculture had handover to the ladies. Human development is an important factor. Women have neglected by the society. She is not treated equally. She has a inferior status in the society with men. Very few people are rich and they are growing reach day by day. But majority people are poor and poverty is growing. Intention of the education is to obtain the knowledge for the development of human life. Knowledge must be skill and time oriented. Only the achievement of education is not important but also the moralities must be reflected through our personality. We must accept the family and social values. Today's educated person is growing as a most selfish and self centered person in the society. We must ready to face the new challenges and problems.

Dr. Kishan Dhabe delivered the presidential address. He explained the meaning of extension. He said that extension means the expansion of the knowledge. Extension is essential for the development of human life. Literacy

is the backbone of our country. Maharashtra is on the 13<sup>th</sup> number in literacy at the national level. Govt. ceased the literacy programme from 1997. Nine districts in Maharashtra are below in female literacy. Nanded, Parbhani, Jalna, Hingoli and Beed these five districts have included from Marathwada.

We launched from literacy to extension. Functional literacy is the need of time. Illiterate people are earning through their physical power but qualified youths are not able to do the physical work. Youths must be acquired the new skills and technique for their well being. There is a need to create the loyalty and honesty in the mind of people about the society and nation.

Subsequent to this Prof. Dr. Sardarsing Bainade delivered the lecture on 'Extension & development' and Dr. Anand Wagh delivered the lecture on 'Students Counseling and Career Guidance'.

This programme was anchored by Dr. Anand Wagh and he also proposed the vote of thanks.

**7) Dr. Anand wagh, Asstt. Professor**
