

**Dr. BABASAHEB AMBEDKAR MARATHWADA
UNIVERSITY, AURANGABAD.**

**DEPARTMENT OF LIFELONG LEARNING
AND EXTENSION**

ANNAUL REPORT 2015-2016

Prin. Dr. P.V. Ashtekar, Shivchhatrapati college, Cidco said that departments work is ideal and appreciable, report is also excellent. He also suggested that department have to select one student from each college and give the information about 'Vima Dhan yojana' and 'Atal pension plan' organization of practical activities is essential in workshop because practical is more impressive than theory, we are also ready to organize the practical work at college level.

Prin. Dr. Vidhate, Anandrao Dhonde alas Babaji college, Kada, Dist Beed Said that he participated in the extension activities before two years. Due to the extension activities college goes near to the society and people participates positively. He mentioned one activity taken by his college. He said that he saw the stray people living in the tents beside the road and took the program of awareness for them with the help of the college teachers. He listened the educational problems of their children and given also the solution. He studied the 'Ashram school' education system in Ashti taluka without any expenditure only with the help of positive attitude and commitment.

Prin. Dr. Takle, Sant Savata Mali Rural college, Phulambri said that his college studied the problems of the farmers in relation with crops, vegetables etc. He also discussed about the certificate courses.

Prin. Dr. Alte, Rajarshi Shahu College, Waluj Said that this department is a solution for each and every problem of the student and the people in the society. He suggested that two programme officers are essential at college level one is main and another is subordinate.

Prin. Dr. Akhila Madam, Venutai Chavan college, Ambajogai, Dist-Beed said that this department is very important for the students. She also mentioned the activities completed by her college for the child labours.

Prin. Dr. Pardeshi, Sant Ramdas college, Ghansavanghi, Dist. Jalna said that field outreach activities are essential for the rural development so department must give the early sanction for implementing such activities.

Prin. Dr. N.M. Kale, Arts and Sci. college Pimpalner, Dist Beed said that Man is a Social animal but he is going for away from humanity. Teacher is the best bridge between society and college. The role of the principal is very important while implementing the extension activities. He thanked to the department for granting the unit to his college.

In the end Head & Director Prof. Dhabe cleared all the doubts expressed by the college principals.

31 principals were present on this occasion. This programme was anchored by Dr. Anand Wagh and Dr. Sanjay Moon proposed vote of thanks.

7) Orientation programme for the college programme officers

Department organized one day training programme for the college programme officers. This program was inaugurated by Prof. V.L. Dharurkar. Director and Head of the department prof. Kishan Dhabe presided over the function.

In the beginning prof. Dhabe felicitated to Prof. V.L. Dharurkar and Dr.Sanjay Moon welcomed to Prof. Dhabe.

Dr. Moon delivered an introductory speech. He explained the construction of extension administration. He also mentioned that his department is not only involved in the extension activities but also in the creation of knowledge. He also cleared the relationship of college and society and duties of the colleges towards the society.

Prof. V.L. Dharurkar delivered an inaugural speech. He said that Dept. of Lifelong Learning and Extension is like a family. The director of this department involves in each and every activity of the department. This is the best and excellent department and due to the department university

achieved 'A' grade. This department is connected to the society. Our university is ahead than the other universities. Teaching, Research and extension are the main activities of the department. This department is connected to the rural people through the colleges. University must discuss the farming issues to avoid the farmers suicides. Due to the innovative culture of the department, department prepared various types of certificate courses. Department also runs the two post Graduate diplomas and one Diploma course in community Based Rehabilitation. He said that time is a very important factor, 'Time and tide waits for none'. So many people are destructed due to the construction of big dams. They had lost their houses and land.

Prof. V.L. Dharurkar delivering inaugural speech.

Information revolution had changed the world. Knowledge of computer is essential in changing climate. knowledge of computer and functional literacy could change the face of rural India. Class education must be connected to the society. Open university is a branch of Adult Education in another words we can say that Adult Education is a trunk of 'Open University'. We must study the changing needs of the society. Education should be attached to the business. The achievement of the nation is depending upon the great people in the country. Revenue of the country is less important than the great people. We must study the problems, of the society. According to Barker, 'University means the creation of universal thinking'. Education is the best Solution to solve the each and every problem.

Knowledge is a power Knowledge is for all the persons in the society. We must build up the social commitment. know ledge is indispensable for the human growth.

In our country, 16 crore people involved in the 'Jan Dhan yojana'. This plan has started for the rural people. The intention of this plan is to make the common man wealthy Vocational guidance is the solution for the eradication of unemployment. Life Education starts when the formal education ends. Read the condition instead of the books. Life skills are useful for us and others. According to Gandhi mechanically prepared things are less valuable than the human made because it has not the human touch.

Youth are the builders of the nation. So we must give the proper shape to our youths. Changing the public health should be our motto. Our questions are not only related to the food, shelter and cloth but there are many problems related to the globalization.

Tribal and rural research is necessary for us but local language learning is essential for completing the research. Heartily language helps to communicate the people.

Every one must mind that

Woods are lovely
But I have promises to keep
Miles to go before
I sleep
Miles to go before
I sleep

Network of the people is important for the development. Mobile is a device of education water management is a key of rural development. Self-help groups are changing the rural face. Our work is always evaluated by our society. We have to face the life for the solutions of problems. Try again & again. After over headed the mountain you will come upon an open space.

Director and Head of the department prof. Kishan Dhabe delivered the presidential address. He said that our department worked for growing the literacy in the past. Now the nature of the work has changed. Our department tried to create the awareness among the people. Department reached from class to mass. To work in the rural area and achieve the success is the motto of the department. He said further that he is working in the department from last 35 years. In 2005, department started the MS-CIT course through e-learning centre. Our department is student oriented department.

Subsequent to this shrimati Sonalika, Nagbhide delivered the lecture on 'Family violence'. Dr. S.S. Bainade delivered lecture on 'Report writing' this programme was anchored by Dr. Anand Wagh and vote of thanks was proposed by Dr. Sanjay Moon.

51 programme officers were present on the occasion.

8) Dr. Anand Wagh

Dr. Anand Wagh, Asstt. Prof. worked as an examiner of elocution completion organized by Director, students welfare on 13/8/2015.

9) University Open Day

Dept. celebrated the University open day on 22/8/2015 by organizing the lecture of Shri Baban Kamble, Editor Daily 'Varttaratna Samarat'. Director and Head Prof. Kishan Dhabe presided over the function.

In the beginning prof. Dhabe welcomed to Shri Baban Kamble, Shri Bhimrao Hattiangbire and Shri Kamble. Dr. Sanjay Moon welcomed to prof. Dhabe.

Shri Babanrao Kamble awarded the Jivangaurao Award by the university.

Shri Baban Kamble delivering the speech in the department.
