About TCS' Business Process Services (BPS) Unit	Enterprises seek to drive business growth and agility through innovation in an increasingly regulated, competitive, and global market. TCS helps clients achieve these goals by managing and executing their business operations effectively and efficiently. TCS' Business Process Services (BPS) include core industry-specific processes, analytics and insights, and enterprise services such as finance and accounting, HR, and supply chain management. TCS complements its experience and expertise with innovative delivery models such as robotic automation and providing Business Processes as a Service (BPaaS). With over four decades of global experience and a delivery footprint spanning six continents, TCS is one of the largest BPS providers today.
About Tata Consultancy Services Ltd. (TCSL)	Tata Consultancy Services is an IT services, consulting and business solutions organisation that delivers real results to global business, ensuring a level of certainty no other firm can match. TCS offers a consulting-led, integrated portfolio of IT, BPS, infrastructure, engineering and assurance services . This is delivered through its unique Global Network Delivery Model™ , recognised as the benchmark of excellence in software development. A part of the Tata group, India's largest industrial conglomerate, TCS has over 319,000 of the world's best-trained consultants in 46 countries. The company generated consolidated revenues of US \$15.5 billion for year ended March 31, 2015 and is listed on the National Stock Exchange and Bombay Stock Exchange in India.
