Dear Professor B.A. Chopade ,

Vice-Chancellor , Dr. Babasaheb Ambedkar Marathwada University

Greetings from CL Educate Ltd. I am sure the New Year 2017 has begun very well for you and your family. We, too, are beginning our new financial year on a positive note with our new series of Education related Seminars & Conferences across the country for Education leaders including Chancellors and Vice Chancellors.

As you would agree, the rightful place that India is going to occupy in the comity of nations is directly linked to the quality of educational work we do as a nation - including in Higher Education. One of the principal protagonists of that work is going to be you, an education leader of eminence in the Higher Education space. One of the cornerstones of that work is going to be the enhanced stature and rankings that our educational institutions earn on the globally accepted frameworks and platforms. It is also a fact that this role is going to be played as much by private Universities and Colleges as by the current Leading / Govt. Universities.

The awareness of Rankings amongst the General Public has gone up tremendously with the NIRF's ("National Institutional Ranking Framework") Rankings initiated by Ministry of Human Resources Development (MHRD) well received by all. NIRF is being seen as an Opportunity by some Universities and a Threat / Pain by others.

More and more Parents & Students are using such Rankings as an objective measure in their Admission related decisions and we are seeing many Corporates are also using these Rankings to decide their Placements, Funding and even for Establishing Relationships.

On behalf of CL Educate Ltd, I would like to invite you for the Workshop on "Ranking Masterclass". The Venue would be Four points by Sheraton, 5th Mile Stone, Nagar Road, Viman Nagar, Pune on 14th June 2017.
