Dear Dr. Girish sir,

Greetings from Infosys BPM Ltd.

As discussed this morning we have started to plan GBFS – Faculty Development Programs for this financial year 2018-19.

We trained a batch of 29 faculties from 17 colleges last year. Below is the data .

- **Total number of colleges trained on GBFS program - 17 colleges**
- **No. of colleges implemented program – 8 colleges**
- **No. of colleges did not share the data / have not implemented - 9 colleges**
- **Total number of students trained under GBFS - 986 students ( as per the data shared by faculty members before March 2018)**

The data so far is not an encouraging given the efforts we have put in training faculty members from your university. Attached is the data for the same.

Request you to please discuss this with the VC and the university management to make this program more effective and impactful. We are looking forward for improved participation from BAMU this year.

Every college has to nominate two lecturers for the program. Once the teachers are upskilled, they will in turn train final year students in their respective colleges. The timetable of roll out in the college is as per the discretion of the college.

Please do let me know when we could conduct the first Faculty Development Program for this year.

Regards,

**Joseph Rudolph Monis**
