Certificate

To whosoever it may Concern

This is to certify that Dr Ania Murugkar has worked as Visiting Scientist at Center for Nano Science and Engineering (CeNSE) in this Institute and worked on "Design of Compact Microwave Resonators and Filters" under my guidance. The duration of the above visit was from February 6th 2014 to February 3rd 2016.

Her performance has been very good and I wish her good luck in all her future endeavors.
